Terms of Use

MagicMatchGenetics provides information, articles and consulting services related to horse breeding, pedigree analysis and prospect selection.

The information published on this website is provided for general informational purposes. Although reasonable care is taken in preparing the content, no guarantee is made regarding its completeness, accuracy or suitability for a particular purpose.

Breeding, genetics and horse selection involve uncertainty. Information and recommendations provided by MagicMatchGenetics cannot guarantee breeding, performance, health or commercial outcomes. Decisions remain the responsibility of the client or website visitor.

All website content, unless otherwise indicated, is protected by copyright. Third-party materials remain the property of their respective owners.

MagicMatchGenetics may change, update or remove website content at any time.

To the extent permitted by law, Rocking Wolf Technologies GmbH is not liable for indirect or consequential loss arising from use of this website or reliance on its content.

These Terms are governed by Swiss law. Mandatory consumer protection rights remain unaffected.

Privacy Policy

MagicMatchGenetics does not provide user accounts and does not maintain user profiles.

If you contact MagicMatchGenetics by email or through a website form, the information you provide, such as your name, email address and message, is used only to respond to your enquiry or provide the requested service.

Technical information such as IP addresses may be temporarily processed by the website hosting provider for security and technical operation of the website.

Personal information is not sold.

Where applicable, you may request access, correction or deletion of personal information by contacting MagicMatchGenetics.

Cookies

This website may use technically necessary cookies or similar technologies required for its operation. Third-party services embedded in or linked from the website may also use their own cookies.

MagicMatchGenetics does not intentionally use cookies for advertising or behavioural profiling.
